SCHOLARSHIPS AVAILABLE

WHO ARE THE FUTURE MUSIC GROUP?

The Future Music Group is run by professional musicians, John and Natalie Witts-Kilshaw

Set up in 2012, we've been running the successful **MUSIC MAESTRO** course in Greenwich since 2012

As East Londoners ourselves, we thought it was about time we launched over the river so we teamed up with the fabulous Hackney Music Service and the rest is history..!

WHO ARE THE MUSIC MAESTROS?

The Music Maestros are motivated instrumentalists from ages 7-16 years old (all instruments/voices welcome!)

The course aims to inspire young musicians to create new music, experience small and large ensemble music making and to develop improvisation, instrumental, composition and performance skills

During the course students will be exposed to music and other art forms outside of their usual experience and will have the opportunity to reflect and discuss what they hear

We finish each course with a rip-roaring concert filled with solo pieces, group performances and the students own compositions!
